

# REBATES

2010

Residential High Efficiency  
Natural Gas Hot Water  
Equipment Rebates

Connecticut's Energy Efficiency Programs are funded by a Charge on Customer energy bills.  
The Programs are designed to help customers manage their energy usage and cost.

# HIGH EFFICIENCY NATURAL GAS HOT WATER EQUIPMENT REBATE

## How to Participate:

Consult your licensed heating contractor or plumber for a listing of models that are eligible for the ENERGY STAR qualified Natural Gas Hot Water Equipment Rebate.

Once your new natural gas, high efficiency water heating system has been installed, review and complete this rebate application. Then attach a copy of all dated receipts/work orders that document the purchase and installation. Make sure that these receipts indicate the name, license #, address, and phone number of the contractor who completed the installation.

Mail the signed rebate form with attached receipts to:

**CT Water Heater Program**  
40 Washington Street, Suite 2000  
Westborough, MA 01581

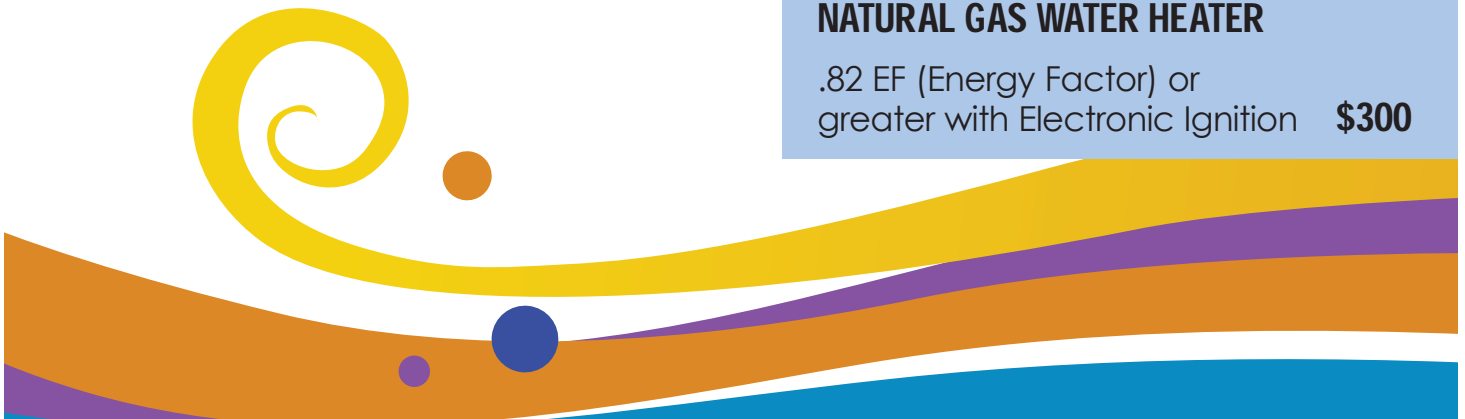

*Be sure to make a copy of the rebate form for your records.*

## Program Guidelines:

- You must be a residential customer of Yankee Gas Services Company, Connecticut Natural Gas Corporation, or Southern Connecticut Gas Company.

- All installations of high-efficiency water heating systems (indirect or on-demand tankless) must be installed by a licensed contractor and/or plumber. All installations must conform to all applicable codes and be installed in accordance with all rebate program guidelines.
- All proof of purchase receipts, work orders or other documentation must include the contractor name/license#/address/phone number, installation cost, and an itemized description of the equipment, including manufacturer, model number, and AFUE (Annual Fuel Utilization Efficiency) or EF (Energy Factor) rating, as applicable.
- All installations are subject to verification that the equipment has been installed and is operational.
- Please read all Terms and Conditions on the reverse of the rebate application.
- Rebate offers subject to change without notice. Some restrictions may apply.

ELIGIBLE EQUIPMENT	REBATE
<b>HIGH EFFICIENCY INDIRECT WATER HEATER</b>	
Attached to a natural gas ENERGY STAR® qualified boiler (85% AFUE or greater)	<b>\$300</b>
<b>ENERGY STAR TANKLESS NATURAL GAS WATER HEATER</b>	
.82 EF (Energy Factor) or greater with Electronic Ignition	<b>\$300</b>

## Terms and Conditions

### 1. Customer Eligibility

You must be a residential customer of Yankee Gas Services Company, Connecticut Natural Gas Corporation, or Southern Connecticut Gas Company to qualify. Equipment purchases and installations made between January 1, 2010 and December 31, 2010 are eligible for rebate. Equipment must be installed by a licensed heating or plumbing contractor at the customer's address listed on the Rebate Form. Rebate Form must be filled out completely, signed and accompanied by dated receipts, and received by the CT Water Heater Program by January 31, 2011.

### 2. Installation Verification

Prior to honoring any rebate, the participating gas company reserves the right to conduct an on-site verification that the equipment has been installed according to Program Guidelines and is in operation. This site visit, and all aspects related to this site visit, are conducted solely for such purpose. The site visit is not a safety review, nor is it intended for any other purpose.

### 3. Warranties

The participating gas companies and the Rebate Administrator do not endorse, guarantee or warrant any particular contractor, manufacturer or installation.

### 4. Changes to High-Efficiency Equipment Rebate Program

Program is subject to change without prior notice, and rebate offers may increase or decrease at any time.

### 5. Tax Liability

Customers of the program may be subject to tax liability for the value of goods and services received through the program pursuant to state or federal income tax codes.

### 6. No Tax Liability to the participating gas companies and the Rebate Administrator

The participating gas companies and the Rebate Administrator are not responsible for any tax liability, which may be imposed as a result of receipt of the rebates provided by the natural gas utility to the customer.

### 7. Liability and Release

As part of the consideration for participating in the program, participant hereby releases and shall indemnify, hold harmless and defend the participating gas companies and the Rebate Administrator from any and all claims, losses, harm, costs, liabilities, damages and expenses (including attorneys' fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of high-efficiency equipment at the premises or any material and labor required for such installation.

## Frequently Asked Questions

### 1. What is the purpose of the Rebate Program?

The purpose of the program is to encourage customers to purchase and install energy-efficient equipment. A rebate is provided through the Connecticut Energy Efficiency Fund (CEEF) to cover a portion of the additional cost for purchasing the energy-efficient equipment versus standard efficiency equipment.

### 2. How can I recognize this equipment?

A customer or contractor who is uncertain about whether equipment meets the efficiency criteria should check with a local distributor or manufacturer. For questions regarding eligible equipment, please call the High-Efficiency Water Heater Program Rebate Administrator at 860-832-4961 or contact your heating or plumbing contractor.

### 3. Where can I find a contractor to install the equipment?

Please check the local Yellow Pages for a complete list of licensed plumbers or heating contractors who specialize in gas heating and water heating systems.

### 4. When will I receive my rebate?

Pending approval, we will process and mail the rebate within 4 to 6 weeks of receipt of the properly completed and signed application. For questions regarding rebates, please call 1-866-915-9971.

### 5. Are federal tax credits available?

You may be eligible for a Federal Tax Credit of 30% of the installed cost up to \$1,500 for qualified units. Please refer to [www.energystar.gov](http://www.energystar.gov) for more information.
